

## FIRST LEGO League Volunteers

### Would you like to be involved in *FIRST* LEGO League (FLL) 2019?

Are you into LEGO? Do you enjoy robotics? Do you want to inspire young people's to participate in science, technology, engineering and maths?

*FIRST* LEGO League is a volunteer-driven event and we need your help to make this event possible.

*FIRST* LEGO League teams - made up of 9-16 year old students from school all over WA will be researching solutions for real-world problems. They must also design, build and program their robot using LEGO MINDSTORMS® technology and compete with other teams. Your help in judging, refereeing, scoring and crowd control is serious business but you will have an amazing day full of fun and laughter!

### Where are the competitions?

Gooseberry Hill Primary School Nov 27

St Stephen's School Carramar Nov 30

Armadale Senior High School Dec 1

Wongan Hills Dec 4

Hampton Senior High School Dec 7

Comet Bay College Dec 8

**Curtin University Nationals Dec14**

### Training Details

Prior FLL experience is not necessary. Ideally you will attend one session of training towards the end of October.
